

ZERBINA Prosecco

A.B.V.: 11.5%

Varietal

- 100% Glera

Location/Production

- The Zerbina Prosecco varietal vineyards are located in Pieve di Soligo, one of 15 communes allowed for Prosecco production.
- Our Zerbina grapes are hand-harvested from select quarter-century old low-yielding vineyards.
- Superior effervescence is the result of a preferred secondary fermentation.

Color, Nose & Palate

- Our Zerbina Prosecco has fruity aromas of citrus, green apple and Acadia blossoms.
- On the palate, the elegant, brut-style wine has a pleasant acidity and freshness, resulting in a soft, round mouthful.
- This varietal makes an exceptional Aperitivo or dinner wine paired with cheeses, prosciutto, antipasti, fried foods, light pastas and desserts.
