

ZERBINA Rosé

A.B.V.: 12.5%

Varietal

- 100% Corvina

Location/Production

- The Zerbina Rose varietal vineyards are located in Delle Venezie, within the Colli Trevigiana Region of Veneto, Italy
- Our vines are planted hill-side at 750 feet above sea level, to maximize the benefit of well-drained, mineral-rich, volcanic basalt rock and clay soils.
- Our Zerbina grapes are hand-harvested, transported and pressed on the same day.
- A mark of all high-quality Roses, our wine is drawn off from the skins after 12 hours and fermented in temperature-controlled tanks for maximum freshness.

Color, Nose & Palate

- Our Zerbina Rose, with its radiant pink color, has a fresh floral and fruity aroma with a hint of cherries, berries, and currants.
- On the palate, this varietal has a fresh and long-lasting balanced finish.
