

J. Ryland Pinot Noir

A.B.V.: 13%

Varietal

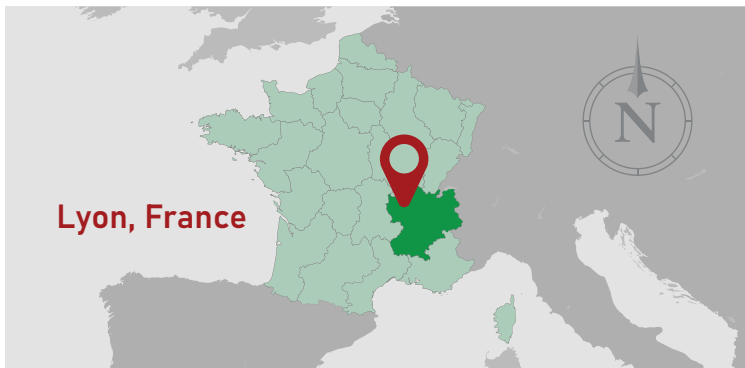

- 100% Pinot Noir

Location/Production

- North of Lyon France, the vineyard extends from Davayé descending the rock of Solutré and Vergisson in the heart of the Maconnais. The Pinot Noir grapes for this specific cuvee comes from the old vines and best parcels with some of the best exposition on the slopes.
- Fermentation in stainless steel for 6 months.

Color, Nose & Palate

- Bright red in color.
- A nose of tart cherry and cranberry, roasted red apple, and subtle baking spices that intermingle with light red and purple florals; a palate that is round, driven by cherry, with a bit of a leather and mushroom.
