

## ZERBINA Chianti

A.B.V.: 12.5%

### Varietal

- 90% Sangiovese, 10% Canaiolo Nero

### Location/Production

- The Zerbina Chianti varietal vineyards are located in the hilly provinces of Arezzo and Siena in the Chianti Region of Tuscany.
- Our vines thrive in soils consisting of clay, lime, and schist.
- The grapes are hand-harvested, swiftly transported to the winery and traditionally vinified for greater extraction of flavor, color, and tannins.
- Prior to bottling, 30 percent of our Chianti is aged in oak vats.

### Color, Nose & Palate

- This ruby red-colored varietal has a smooth texture, excellent structure, long finish, and aroma of fruity essence.
- Our Zerbina Pinot Chianti pairs well with pizza, tomato pastas and meat-based sauces.
